OUR PHILOSOPHY

Our goal is to provide optimal learning for our students through a safe, challenging and rewarding environment for all levels of gymnastics. We believe a caring, yet structured, atmosphere with positive feedback will provide each child with confidence and a good self image as they develop body awareness, strength and flexibility from a beginning through a competitive level. Additional benefits of gymnastics participation include physical fitness, goal setting, and athletic development for all sports.

OUR FACILITY

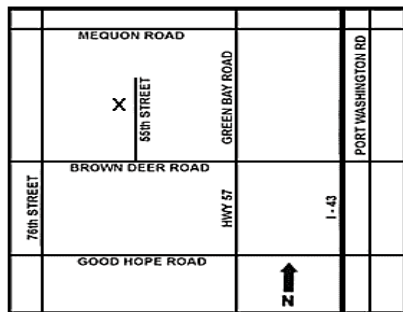

Our Brown Deer facility is centrally located in the North Shore area and is suited for complete gymnastics instruction. The 18,500 sq. ft., air conditioned facility features two AAI 42' x 42' spring floor systems, two large in-ground loose foam pits, two in-ground tumble trampolines, two in-ground Australian bed trampolines, AAI competitive equipment and a parents viewing room.
